

Behavior Challenges and Solutions for the Person with Prader-Willi Syndrome

Wednesday November 5, 2008

9 am to 12 noon

Presenters: Barb Dorn, RN, BSN and Paul White

Location: UW-Waisman Center Outreach: 122 E Olin Ave. Ste 100, Madison

**Registration Fee: \$12 for people who work in the Dane County Developmental Services area as well as parents who reside in Dane County.
\$24 for others outside of Dane County.**

** For financial assistance, contact PWSA of WI, Inc office at toll free 1-866-797-2947.

This 3 hour training will focus on ways to prevent and manage challenging behaviors often seen in teens and adults with PWS. An overview along with problem solving scenarios will be shared. We plan to have some teens and adults with PWS share their views on successful ways of addressing behavior concerns. Both Paul White and Barb have extensive experience in working with persons with PWS.

Paul White is the Program Manager for the Waisman Center Community Outreach Programs. He has provided consultative behavior support to several persons with PWS in Dane County for over 30 years.

Barb Dorn, RN BSN has served in many roles as an advocate, educator, consultant, and parent of a young man with PWS. She is Registered Nurse at the University of Wisconsin Hospital and Clinics and has extensive knowledge in the health and well being of persons with PWS.
